Office of superintendent of weights and measures created.

SECTION 1. There is hereby created the office of State Superintendent of Weights and Measures. Within thirty days after this act becomes effective, the governor shall appoint a suitable person as State Superintendent of Weights and Measures. Wherever in this act the term

superintendent or state superintendent is used, it shall be taken as referring to and meaning State Superintendent of Weights and Measures.

Term. Salary. Bond.

SEC. 2. The term of office of State Superintendent of Weights and Measures shall be four years, or until his successor shall have been appointed and qualified, but he shall always be subject to removal at the pleasure of the governor. The salary of State Superintendent of Weights and Measures shall be thirty-six hundred dollars per annum, payable in the same manner as other state officers are paid. Before entering upon his duties he shall execute a bond to the state in the sum of five thousand dollars conditioned upon the faithful performance of his duties. [*1915 Amendment.*]

Deputies. Salaries.

SEC. 3. The state superintendent may appoint a deputy, who shall have the same powers as the state superintendent. Such deputy shall receive a salary of eighteen hundred dollars per annum, payable in the same manner as other state officers are paid. He shall be at all times subject to removal at the pleasure of the state superintendent. The state superintendent may also appoint additional deputies from time to time to serve as sealers of weights and measures at the request of counties, as provided in section sixteen of this act. Such deputies when actually employed shall be paid at the rate of one hundred and fifty dollars per month by the county engaging their services and not by the state. They also shall receive their actual traveling expenses from such county. [*1915 Amendment.*]

Traveling and office expenses.

SEC. 4. The state superintendent and his deputy shall each be allowed their actual traveling expenses, to be

approved by the state board of control in the same manner as other claims against the state. The state superintendent shall also be allowed necessary office expenses to be approved by the state board of control in the same manner as other claims against the state.

Standards of weights and measures.

SEC. 5. The standards of weights and measures received from the United States under a resolution of congress approved June 14, 1836, and such new weights and measures as shall be received from the United States as standard weights and measures in addition thereto or renewal thereof, and such as shall be procured by the state in conformity therewith and certified by the national bureau of standards, shall be the state standards by which all state, county and municipal standards of weights and measures shall be tried, proved and sealed.

Custody of standards. Tolerances.

SEC. 6. The standards referred to in the preceding section shall be kept by the state superintendent in a safe and suitable place in his office from which they shall not be removed except for repairs or certification. He shall maintain such standards in good order and shall submit them at least once in ten years to the national bureau of standards for certification. Upon demand the secretary of state shall deliver to the state superintendent all standards now under the control and in the possession of the secretary of state in his capacity of ex officio state sealer of weights and measures. The state superintendent shall thereupon submit such standards received from the secretary of state to the national bureau of standards for certification, and he shall replace such standards as are incorrect and purchase such additional standards as shall be necessary to complete and make up a complete standard of weights and measures as required by this act. He shall

also purchase such apparatus as shall be found necessary to a proper prosecution of the work of the office. The State Superintendent of Weights and Measures may establish tolerances for use in the State of California similar to the tolerances established by the national bureau of standards, and he may establish a standard net weight, or net measure, or net count, of any commodity, produce, or article. [*1915 Amendment.*]

Copies furnished cities, etc. Testing.

SEC. 8. The state superintendent shall, at the request of the legislative body of any county, city, town, or city and county, furnish to said county, city, town or city and county, copies of the standard weights and measures of the state; such copies shall be furnished at the expense of the county, city, town or city and county requesting the same. He shall upon request of the legislative body of any county, city, town, city and county or upon the request of a sealer of weights and measures of any such county, city, town or city and county, appointed pursuant to the provisions of this act, test and accurately approve copies of the state's standards of weights and measures procured by any such county, city, town or city and county to be used by a sealer of weights and measures in the performance and discharge of his duties. Copies furnished under the provisions of this section or copies tested and approved by the state superintendent under the provisions of this section shall be true and correct; shall be sealed and certified to by the state superintendent and stamped with the letter "C." Such copies need not be of the same material or construction as the standards of the state and such copies may be furnished in any suitable materials or construction that the county, city, town, or city and county requiring the same may specify, subject to the approval of the state superintendent.

SEC. 9. The state superintendent shall inspect and correct the standards used by each county, city, town and incorporated city and county of the state, and at least once in two years compare the same with those in his possession and keep a record of the same, and where not otherwise provided by law he shall have general supervision of the weights and measures and weighing and measuring devices offered for sale, sold or in use in the state. Sealers of weights and measures appointed under the provisions of this act shall, upon the request of the state superintendent, deliver to the state superintendent at his office the copies of the state's standards of weights and measures in their possession, and used in the discharge and performance of their duties, for verification and certification by the state superintendent. The actual expense of such comparison and verification shall be borne by the county, city, town or city and county whose weights and measures are compared and verified. In addition to the standards heretofore referred to and required to be kept by the state, the state shall also have a complete set of copies of said original standards of weights and measures adopted by this act, which shall be used for adjusting county and municipal standards by the state superintendent and his deputy in the performance of their duties, and the original standards shall not be used except for the adjustment of this set of copies and for certification purposes. Additional complete sets of copies of such original standard of weights and measures may be purchased by the superintendent when the same are necessary for use by any deputy state superintendent employed by counties under section sixteen of this act. Inspecting work of local sealers.

SEC. 11. The state superintendent or his deputy shall at least once in two years visit the various cities and counties of the state and inspect the work of the local sealers of weights and measures, and in the performance of said duties he or his deputy may inspect the weights, measures, balances or any other weighing or measuring devices of any person, firm or corporation. The state superintendent and his deputy shall have all the powers of sealers of weights and measures provided for in this act.

Sealers who neglect duties. Hearing, etc. Not to sell weighing instruments.

SEC. 12. The state superintendent if he finds that any sealer of weights and measures appointed under the provisions of this act, or any sealer or deputy sealer appointed by any city or county in this state, prior to this act, has refused or neglected to perform the duties of his office or refused to accept the recommendations and instructions of the state superintendent or is guilty of any malfeasance in office or who is incompetent, shall present to the body, officer or board having power to remove such sealer or deputy sealer of weights and measures a written charge and accusation based upon and clearly stating the alleged offense or offenses of such sealer or deputy sealer and

request such body, officer or board to hear and determine such charge and accusation. Upon receipt of such charge and accusation, it shall be the duty of the body, officer or board with whom the same have been filed to make an order setting the same for hearing at a time which shall be not less than ten nor more than twenty days from the date upon which such charge and accusation shall have been filed, and shall in such order fix the time and place for such hearing. A copy of such charge and accusation, together with a copy of such order, shall be served upon the accused at least seven days prior to the time fixed for such hearing; *provided*, that in the event he shall absent himself from his usual place of business, or office, such service may be made by depositing such copies in a conspicuous place therein or by leaving the same at the last known place of residence of the accused, within the time above limited. At such hearing the accused shall have the right to be represented by counsel, if he so desires, and to produce witnesses and documentary evidence in his defense. If, upon such hearing, he be found guilty of malfeasance in office, or adjudged to be incompetent to perform the duties of the office; the body, officer or board before whom such hearing is had must forthwith remove him from office. If he be found guilty of any of the other offenses herein enumerated he may be punished by removal or by suspension without pay for a period not exceeding thirty days, as such body, board or officer may determine. If he has reason to believe that any such sealer or deputy sealer of weights and measures has committed any of the offenses specified in section seven hundred and seventy-two of the Penal Code, the state superintendent may, in his discretion, present an accusation to the superior court of the county in which the accused is employed, which shall thereupon be heard and determined by such court in the manner provided by law. The

remedies provided in this section are cumulative merely, and shall not in any wise detract from the right of the appointing power to remove at will any such sealer or deputy sealer of weights and measures. It shall be unlawful for the state superintendent, his deputies, or any sealer of weights and measures to keep for sale, or offer or expose for sale, or to sell to any person, firm, or corporation, or dealer in goods, wares and merchandise, doing or intending to do business in the State of California any weighing or measuring instrument, or to be interested directly or indirectly in the sale of any weighing or measuring instrument. NET CONTAINER ACT

An act to provide for the indicating of the net quantity of foodstuffs and stuffs intended to be used or prepared for use as food for human beings when sold or offered or exposed for sale in containers and providing penalties for the violation thereof.

[Approved May 27, 1913; *Statutes* 1913, chap. 167, p. 247. Amendments approved June 7, 1915; *Statutes* 1915, chap. 639, p. 1263.]

Title of act.

SECTION 1. This act shall be known as the Net Container Act.

Purpose of act.

SEC. 2. This act is designed to protect purchasers of any commodity within its provisions against deception as to the quantity or amount of the commodity purchased, and as against the seller shall be strictly construed with a view to effect its object.

Applicable to foodstuffs.

SEC. 3. The provisions of this act apply to foodstuffs and stuffs intended to be used or prepared for use as food or medicine for human beings and shall apply to any commodity intended to be so used or consumed by human beings. [*1915 Amendment.*]

Net quantity plainly marked.

SEC. 4. Whenever any of the commodities within the provisions of this act are sold, or offered or exposed for sale, in containers, the net quantity of the contents of the container shall be plainly and conspicuously marked, branded, or otherwise indicated on the outside or top thereof or on a label or tag attached thereto.

Designation of quantity.

SEC. 5. The designation of the quantity of the commodity required by section four of this act shall be in terms of weight, measure or numerical count, subject however to the following provisions:

(*a*) The quantity of the contents so marked shall be the amount of food or stuff in the package.

(*b*) If the designation is by weight it shall be in terms of avoirdupois pounds and ounces; if designation is by liquid measure, it shall be in terms of the United States gallon of 231 cubic inches and its customary subdivisions, *i. e.*, in gallons, quarts, pints, or fluid ounces; if designation is by dry measure, it shall be in terms of the United States standard bushel, and its customary subdivisions, *i. e.*, in bushels, half bushels, pecks, quarts, pints or half pints; *provided*, that, by like method, such designations may be in terms of the metric system of weight or measure.

(*c*) The quantity of solids shall be designated in terms of weight, and of liquids, in terms of measure, except in case of an article in respect to which there exists a definite trade custom, otherwise, the designation may be in terms of weight and measure in accordance with such custom.

(*d*) The quantity of the contents shall be designated in terms of weight or measure, unless the container be marked by numerical count and such numerical count gives accurate information as to the quantity of the food in the package. When designation is by numerical count it shall be in English words or Arabic numerals.

(*e*) The quantity of the contents may be stated in terms of minimum weight, minimum measure or minimum count, but in such cases the designation must approximate the actual quantity and there shall be no tolerance below the stated minimum.

(*f*) The quantity of viscous or semi-solid foods, or of a mixture of solids and liquids, may be stated in terms of weight or measure, but the statement shall be definite and shall indicate whether the quantity is expressed in terms of weight or measure. [*1915 Amendment.*]

Act not applicable.

SEC. 6. The provisions of this act shall not apply—

(*a*) To any sale of a commodity within the provisions of this act when such sale is made from bulk and the quantity is weighed, measured or counted for the immediate purpose of such sale.

(*b*) To a sale of any container of an ornamental or symbolic character with which a quantity of some commodity is sold as merely incidental.

(*c*) To a sale of a commodity in any container of a net weight of 2 ounces or less, or of a commodity in any container of a measure of 2 fluid ounces or less, or of a commodity in any container of a numerical count of six or less.

(*d*) To the sale of medicine, when prescribed by a licensed physician, veterinarian, or dentist; or to medicinal or pharmaceutical preparations or mixtures of two or more medicinal substances. [*1915 Amendment.*]

Violation defined.

SEC. 7. It shall not be held to be a violation of the provisions of this act when a commodity in a container is sold, or offered or exposed for sale, and there is a discrepancy between the actual quantity of the commodity in said container and the net quantity of the contents thereof indicated on the container as herein prescribed, provided such discrepancy is due to unavoidable leakage, shrinkage, evaporation, waste, or causes beyond the control of the seller acting in good faith.

No violation.

SEC. 8. It shall not be held to be a violation of the provisions of this act when a commodity in a container is sold, or offered or exposed for sale, and there is a discrepancy between the actual quantity of the commodity in said container and the net quantity of the contents thereof indicated on the container as herein prescribed; *provided*, that the seller purchased said commodity in said container, in good faith relying upon the said indication of the net contents thereof, and sold said commodity in said container without altering the contents thereof or the indication of the contents thereof; *and provided, further*, that the exemption of this section shall not apply to any sale unless the container had the name of a packer, manufacturer, wholesaler, or jobber thereon at the time the seller purchased it.
